

Leadership Lafayette Program Day Sponsorship Opportunities

Sponsoring a Leadership Lafayette class day, the flagship program of the Leadership Institute of Acadiana, offers a unique opportunity to invest in the development of leaders who will shape the future of Lafayette and the broader region. This program, boasting many of the area's most distinguished leaders as graduates, provides an intensive experience designed to inform, educate, and connect emerging and experienced leaders with our community's most significant assets, challenges, and influential figures. With over 800 graduates in the past 35 years, Leadership Lafayette has cultivated a network of informed and connected leaders who can effect positive change. By supporting this initiative, your organization not only aligns with the values of leadership and community development but also gains visibility as a committed partner in enhancing Lafayette's future. When these graduates activate their knowledge and connections, the entire community benefits from improved understanding, services, and relationships, making your sponsorship an investment in a stronger, more vibrant Lafayette.
